

Dear Friends,

I want to thank each and every one of you for the wonderful service and care that I have received. When I first arrived, I really did not have much confidence that anything would work. I had been through several different physical therapy facilities, throughout the chiropractor, massage, pain injections, acupuncture and Reiki. None of the treatments gave any measurable relief. You did. As you know, I am still not functioning at 100% but I am far better than I ever thought I could be. For that, I thank you from the bottom of my heart.

I will not hesitate to recommend your services to anyone who may benefit.

Again, thank you.

Sincerely
Connie H.
